

OPGAL EyeCGas Multi Benefits

Hand-held OGI camera for gas leak detection and quantification

✓ **No annual calibration required**

Does not require additional calibration, resulting in no downtime.

✓ **4 - 5 Hour battery life**

Durable long lasting batteries without needing to recharge during inspections.

✓ **The most sensitive OGI camera in the market**

Verified by a 3rd party, EyeCGas Multi can detect 0.35 gr/h.

✓ **Wireless connectivity**

Stream live feed and transfer images/videos wirelessly.

✓ **4 Year warranty**

Enjoy peace of mind on your investment.

✓ **Durability**

Built to withstand harsh industry conditions.

✓ **Free firmware upgrades**

Receive camera upgrades and improvements free of charge.

✓ **Multi spectral OGI**

The only OGI camera with replaceable filters enabling improved methane/VOC & CO₂ detection with the same camera.

✓ **Customer support**

Our OGI cameras rarely (if ever) require maintenance. If they do, your support is our priority.

✓ **Built in quantifications**

Accurately measure concentration and mass flow in real time.

✓ **High resolution**

Display unit: 3.5" Color LCD 640x480

✓ **EyeCGas dedicated app**

Full camera control with the official EyeCGas app.
